Ref. No: NJBV/PRINCIPAL/2026-27/012

Date: 10/07/2026

This is to certify that the building named "Navajyothy Bethany Vidhyapeeth", constructed by M/s. Bethany Ashram Bombay Trust, situated on Survey No. 41/3, Survey No. 43/3/A/1 & Survey No. 43/4, Mouje – Runde, Taluka – Kalyan, District – Thane, has been constructed in accordance with the approved structural drawings and engineering practices. The Civil Building Plans for the said building have been approved by the Executive Engineer / Assistant Director of Town Planning, Kalyan-Dombivli Municipal Corporation, vide Letter No.BSP/BP/Mouje Runde/Tal. Kalyan/SSThane/691 dated 12/04/2018. The building comprises Ground + Three Upper Floors (G + 3) as per the approved building drawings.

Based on the structural design, approved drawings, and the construction details made available to the undersigned, it is certified that the structural system of the building, including its foundations, columns, beams, slabs, staircases, and other structural components, has been designed and executed in accordance with the relevant Indian Standards and the provisions of the National Building Code of India. It is further certified that the building is structurally stable and safe to resist the anticipated dead loads, live loads, and other design loads for which it has been designed, subject to proper use, maintenance, and the loading conditions stipulated in the structural design.

As per the sanctioned building plans and the actual site conditions, the building consists of Ground + Three Floors, and the overall height of the building from the surrounding ground level to the top of the third floor is **11.55 metres**.

In my professional opinion, the building is structurally sound, stable, and fit for its intended use.

This certificate is issued at the request of the owner for submission to the concerned statutory authority.

Place: Kandivali, Mumbai
